

NATURE SCAVENGER HUNT

Cleaning our Waterways with Nature

- 1. Name or find two things all living things need to survive.
- 2. Draw a bug or caterpillar that birds might eat.
- 3. Search for a pattern in nature.
- 4. Find two things that can live in or near water.
- 5. Draw a leaf from your favorite native tree.
- 6. Name two things that harm our waterways.
- 7. Write down or name three reasons trees are important.
- 8. Listen to four sounds. Name two sounds from nature and two from humans.
- 9. Observe a bee or butterfly on or near a flowering plant.
- 10. Touch something soft, smooth or rough.

Swamp White Oak
Quercus bicolor

Serviceberry
Amelanchier canadensis
